# Wireless chime set CALIMA 200

## The set consists of the chime and the wireless bell button

The wireless chime can be positioned literally everywhere in your home. It can even be taken outside. Thanks to its high range of transmission the chime informs you about new visitors, no matter where you are in your home.

### The Highlights:

- ready to use thanks to the already paired components
- 13 different melodies pre-programmed
- easy menu navigation with voice announcement
- volume tuneable up to 83dB(A)
- optical notification through LED-ring, different colours adjustable
- 250 m freefield range extendable to 500 m<sup>\*1</sup>
- secure radio-transmission
- time mute function (1 / 3 / 9 hours)
- mute function
- 5 years battery-lifetime
- compatible to all MISTRAL transmitters (bell button, motion sensor etc.)
- connectable to wired bell buttons through MISTRAL bell button<sup>\*1</sup>
- easy extension with additional wireless chimes and wireless transmitters<sup>\*2</sup>

<sup>\*1</sup> Extension of range to 500 m with Mistral SE03.x-transmitters

<sup>\*2</sup> The SET is expandable with numerous **additional wireless transmitters** (bell buttons, motion sensors) and wireless chimes of **the series MISTRAL, ECHO, CALIMA**. Every CALIMA chime can be connected with up to 11 transmitters (bell buttons, motion sensors). The radio transmission is always safe and free of disturbance of other transmitters of the same series due to individual coding of the transmission protocol.
